

Making a No-Sew Fleece Cat or Dog Bed

Materials:

Fleece
Scissors
Tape Measure (optional)

1. Cut fleece into two equal sized squares. The sizes that work best are between 20 and 36 inches. An easy way to do this is to lay the pieces on top of one another and cut them to size or fold over a larger piece and cut it in half.
2. Keeping the two pieces of fleece together, cut a four inch square out of each corner of the fleece.
3. Cut 1 x 4 inch strips around the outer edge of the fleece so it starts to look like fringe. Be careful to keep the two pieces of fleece together!
4. When you have cut the fringe all the way around, begin to knot together the top fleece and the bottom fleece with a simple double knot.
5. Once all the fringe ends are tied together, your bed is done! Enjoy!

Donate fleece dog and cat beds to your local animal shelter.

The animals will love them!
